CustomFit Basket with Ultra Wash – Load more than just silverware in this flexible basket with dedicated wash jets below. The CustomFit Basket holds all your silverware, 9" tall stemware and reusable straws, so items that were hand-washed before can safely be washed in the dishwasher.

CustomFit Lid Caddy – Cup lids and blender blades can easily dry thanks to the CustomFit Lid Caddy. It is designed to hold items at the perfect position for cleaning and restricts water from pooling, so pieces come out clean and dry after every wash.

Smart Assist – Smart Assist makes it simple for you to unlock optimal wash and dry performance. Innovative dishwasher sensors and intelligent machine learning enhance and improve cycles over time.

Smooth-Glide Adjustable Middle Rack – Load your dishwasher your way thanks to an adjustable middle rack. Easily move it up and down to fit bottles, large platters and other items as tall as 10.5".

Presoak + Sanitize – Save time with a high-temperature cycle that steams and sanitizes. Loosen tough soils before the wash cycle begins without the need to pre-rinse or soak. Plus, a sanitization cycle reduces 99.999% of bacteria on dishes.

Silverware Wash – Powerful jets in the top rack and CustomFit basket work in unison using targeted washing action to clean even the most stuck-on foods from silverware, cooking utensils and more.

Middle and Lower Rack Fold-Down Tines – Two rows of adjustable tines in both the middle and lower rack allow you to load the way you want. 16 different tine positions offer the ultimate customization to fit all of your items.

Wash Zones – Wash a true half load in the upper or lower rack whenever you need to in this dishwasher with loading flexibility. Just choose your wash zone: upper or lower. The feature works in combination with most cycles, saving you time and conserving energy.

Active Flood Protect – Active Flood Protect prevents potential overflows for greater peace of mind. It works by using a water leak detector to sense when water is too high, pumping it out until a safe level is reached.

Flush Installation – Cabinet-depth flush installation ensures your dishwasher blends in with the design of your kitchen without sacrificing space for dishes inside.

Piranha™ Hard Food Disposer – The Piranha™ Hard Food Disposer lets you use your dishwasher without pre-rinsing. Its stainless steel impellers rotate to pulverize food particles and an anti-jamming design make sure wash arms stay unclogged.
